Electronical Weight Adjustment

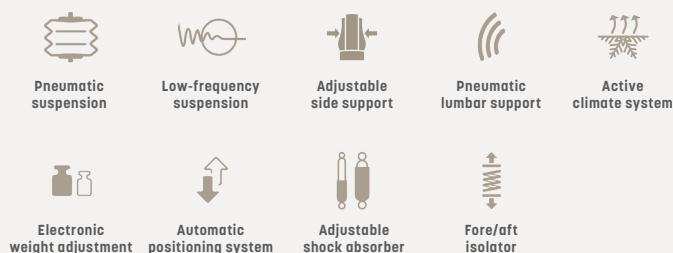

# ACTIMO® EVOLUTION

## Technical data

### High-End Premium Seat

The ACTIMO Evolution with new design boasts a deluxe package of comfort-enhancing features. The seat climate control system has now become more effective with an up to 40% increase in performance compared with the previous system. The pneumatic side contour control in the backrest cushion offers improved side support. Thanks to electronic weight adjustment, the seat fully automatically sets itself to the operator's weight so the seat can unfold its full potential by optimally utilizing the available suspension travel.
