MAXIMO® PROFESSIONAL

Comfort Seat with Low-Frequency Suspension

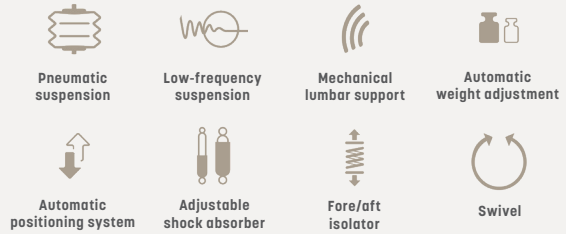

MAXIMO® PROFESSIONAL

Technical Data

Comfort Seat

The Maximo Professional is a versatile driver seat for professional applications which combines comfort and economics. The proven low-frequency suspension absorbs vertical vibrations and jolts, thus preventing the seat from bouncing in critical situations as a result of resonance build-up. With the automatic positioning system (APS), the adjustable swivel or the standard backrest extension, it offers a comprehensive comfort package.

Features
